Ask whether the person has a plan:
• “Have you decided how you are going to kill yourself?”
• “Have you decided when you would do it?”
• “Have you collected the things you need to carry out your plan?”
How to Talk with a Person Who Is Suicidal

- Let the person know you are concerned and willing to help
- Discuss your observations with the person
- Ask the question(s) without dread
- Do not express a negative judgment
- Appear confident, as this can be reassuring

**Check For Two Other Risks:**

- Has the person been using alcohol or other drugs?
- Has he or she made a suicide attempt in the past?
Keeping the Person Safe

- Provide a safety contact number
- Help the person identify past supports
- Involve them in decision making
- Call law enforcement immediately if the person has a weapon or is behaving aggressively

**Do Not**

- Leave an actively suicidal person alone
- Use guilt and threats to try to prevent suicide
  - “You will go to hell”
  - “You will ruin other people’s lives if you die by suicide”
- Agree to keep their plan a secret
