

Emergency Rural Health Care Grants Application Checklist

Track Two: Impact Grants

Track Two: Impact Grants

must be used in relation to the COVID-19 pandemic to solve regional rural health care problems and to support the long-term sustainability of rural health care. Long-term sustainability is defined as “improved health outcomes, improved access to quality health care, and creating and maintaining sustainable economic development for small communities.”

Track Two: Impact Grants are awarded in ranges of \$5 million – 10 million.

Track Two: Impact applications must be received by the applicable Rural Development Office by 4 p.m. local time on October 12, 2021. **Track Two: Impact** applications received after October 12, 2021 will not be considered.

Before You Submit an Application

Please read the Notice of Funds Availability (NOFA) published in the *Federal Register* on August 12, 2021. The NOFA and additional program materials are available at the program webpage:

<https://www.rd.usda.gov/erhc>.

Track Two: Impact Grants (*continued*)

Nonprofit applicants must provide:

Articles of organization, incorporation, or association

By-laws

Evidence of good standing

Evidence of ties to the local rural community

Ties to the local rural community may be demonstrated through one or more of the following:

Close association with – or control by – a local unit of government

Broad-based ownership and control by members of the community, as demonstrated through a listing and description of board members representative of the community or service area

Substantial public funding as demonstrated through pledged taxes, revenue bonds, local government sources, or community-wide fundraising campaigns

Evidence of eligibility. Applicants must submit sufficient documentation to demonstrate how the health care facility(ies) or project to be funded primarily serves rural areas, is located in a rural area, and serves a population with a median household income below the poverty line or applicable percentage defined in the NOFA. This submission must describe the proposed facility or project and its service area, including:

Location of the facility(ies) and their associated population demographics

Description of the area and number and demographics (if known) of the population to be served, sufficiently detailed to verify Project Location Eligibility as outlined in

Section IV – “Eligibility Information” – of the NOFA

Evidence the facility(ies) or project primarily serves rural residents

A written budget narrative providing a detailed project budget, which also includes the following information:

- The amount of funds requested from each Use of Funds category, with a description of how the figure was calculated
- A breakdown of project cost demonstrating the percentage of total project costs the grant assistance will cover, which is dependent on population and median household income
- The time period for which the assistance is requested. All awards are limited to up to a 36-month grant period based on project complexity

Environmental information necessary to support Rural Development’s environmental findings. Details are available at this link:

A written narrative that illustrates organizational capacity and strength of consortium, including:

- Evidence of an agreement formalizing a consortium for purposes of this grant funding. This agreement must be signed by an authorized representative of the lead entity applicant and an authorized representative of each consortium partner.
- A description of the composition of the consortium membership and how each partner is needed to successfully accomplish project activities
- A description of the abilities and contributions of the lead applicant organization and other consortium members
- Evidence and a description of how the

consortium will maintain ties to its impacted local rural community(ies)

- A description of how the consortium will impact rural community(ies) and providers, and how the network will strengthen its relationship with the community and region it serves
- The identification of a project director (or provide details of your strategy to identify one) to manage the grant. Include the manager’s key activities and expected percentage of time to be devoted to the project

Workplan and Proposed Budget

- Provide a project work plan that clearly illustrates the consortium’s goals, strategies, activities, and proposed measurable outcomes encompassing the period of performance. The work plan must identify the individual or organization responsible for carrying out each activity, include a timeline for the period of performance, and illustrate its relation to the COVID-19 pandemic.
- Provide a complete, consistent, and detailed budget presentation for up to a three-year period of performance through the submission of the SF-424A budget form (available at this link: <https://go.usa.gov/xFWz3>) and a Budget Narrative that justifies the appropriateness of the requested funds.

Evaluation, Impact, and Replicability

- Describe how the proposed progress toward meeting program goals contributes to the long-term sustainability of rural health care by improving rural health care access, improving rural health outcomes, and sustaining health care as an economic driver for the rural community or region.
